

Vienna Doctoral School of Ecology and Evolution (VDSEE)
Public Presentations / Fakultätsöffentliche Präsentationen

Date: 11 March 2022, 10:00 - 12:00 CET

Venue: University of Vienna Biology Building, HS-1 (Djerassiplatz 1, 1030 Vienna)

Chair: Univ.-Prof. Gerhard J. Herndl

Start at	PhD Graduate	(Working) Title	Supervisor(s)	Dissertation area
10:00	Ahmed M.M. HUSSEIN	Cognitive enhancement by targeting the dopaminergic system by DAT inhibitors on Spatial- dependent learning and memory in the Rats brain	Christian STUDENIK Francisco MONJE QUIROGA (MedUni Vienna)	Biology
10:30	Lisa ROURESSOL	Genomic novelty underlying symbiotic organ evolution in botail squids	Oleg SIMAKOV Margaret McFALL-NGAI (SOEST)	Biology
11:00	Carlos Antonio PÉREZ RÍZQUEZ	Underlying mechanism(s) of the symbioprotein ferritin on legume root nodule formation and drought stress	Stefanie WIENKOOP	Biology
11:30	Norbert HELM	Linking the micro with the macroscale in alpine plant ecology	Stefan DULLINGER	Biology
12:00	Expected end
